This year, a total of 1,87,223 candidates, comprising 1,43,810 boys and 43,413 girls, appeared for JEE Advanced 2025. According to JEE Advanced analysis received from experts and candidates, mathematics was the most challenging this year, while chemistry and physics closely followed a similar pattern.

In 2024, the JEE Advanced cut-off marks saw a significant increase across all categories compared to the previous year. For General and EWS candidates, the cut-off rose to 378 marks, up from 348 in 2023. Similarly, the cut-off for OBC-NCL candidates increased to 383 from 352, while for SC and ST categories, the cut-offs moved up to 364 and 366, respectively, from 331 and 323 in 2023. This upward trend reflects increasing competition and possibly a higher number of high-scoring candidates.
